

ANNOUNCEMENT

Dear Doctors,

New Joint Environmental Occupational Toxicology Clinic (JEOTC) at Changi General Hospital

From October 2009, you may refer patients with **suspected or confirmed** occupational or work-related toxic exposures to the new Joint Environmental Occupational Toxicology Clinic (JEOTC) which will operate **every second Friday** of the month in:

Specialist Outpatient A (SOC A)
Level 2, Changi General Hospital (CGH)
2, Simei Street
Singapore 529889
CGH Appointment Centre Tel: (65) 6850 3333

This clinic is run jointly by a clinical toxicologist from CGH and an occupational medicine specialist from the Occupational Safety and Health Division, Ministry of Manpower (OSHD, MOM).

The clinic will assist you with the following:

- confirm diagnosis and notify work-related cases to MOM
- manage the effects and complications from the toxic exposure
- conduct workplace assessments where indicated, and
- provide recommendations on preventive measures to employer and worker so as to prevent recurrence.

For other types of occupational or work-related conditions, you may refer to our other existing occupational health clinics. Patients will be seen by appointment only.

Hospital / Polyclinic	Clinics (by appointment)	Contact number
Geylang Polyclinic	Occupational Health Clinic	6547 6922 /6842 2440
