The above is a Continuing Medical Education (CME) Calendar, Category 1B.

Before attending any of these CME activities, please confirm event details with the respective course organisers. Information is correct at the time of printing.

## Community Eye Clinic

### Full Time/ Locum Primary Eye Care Physicians (Family Physicians / GPs)

The Singapore National Eye Centre (SNEC) Community Eye Clinic (CEC) is a new and cost effective model of community-based primary eye care. The CEC provides continuity of care in monitoring and assessing patients with diabetic retinopathy, glaucoma and other chronic age-related eye conditions referred by the SNEC. The CEC also provides preventive eye screening services.

We are offering Full time and Locum positions for Family Physicians / GPs who would like to develop a further interest in eye care besides their GP practice. It may also be an ideal choice for GPs looking to move into a second career focusing on primary eye care practice working within normal operating hours.

You will be responsible for carrying out eye screening, monitoring and assessment of walk-in and referral patients from SNEC and GPs.

#### Successful candidates will be offered:

- Primary eye care training in screening, diagnosis and assessment
- Normal working hours
- Attractive remuneration and benefits

#### Requirements:

- SMC Fully-registered doctor with minimum 1 – 2 years practice experience
- Previous posting in ophthalmology would be an advantage

Interested applicants, please email your curriculum vitae including details of work experience, qualifications, present and expected salaries and contact telephone number to:  
cecc@sneec.com.sg
