

A Time to Give Thanks

The Singapore Urology and Fertility Centre (SUFC) of Mount Elizabeth hosted an evening of songs and fellowship recently at the Esplanade Recital Studio on 30 April 2008.

Our very own lovely singing GPs, Dr Joyce Liang (MBBS 1987) and Dr Tan Su Ming (MBBS 1990) treated the full house with their classy rendition of Broadway and jazz numbers, much to the delight of many fellow colleagues, family and friends. Dr Liang, well known for her powerful vocals and glamorous presence, did not disappoint, and neither did Dr Tan who excited the audience with her original interpretation of jazz songs.

The Wong Family: Dr Michael Wong, Dr Julianah Abu and their three daughters.

Our lovely singing GPs, Dr Tan Su Ming and Dr Joyce Liang.

The evening was appropriately called "A Time to Give Thanks" as all the ticket proceeds from the full house were donated to the SMA Medical Students Assistance Fund by SUFC's medical directors, urologist Dr Michael Wong (MBBS 1985) and

gynaecologist Dr Julianah Abu (MBBS 1990).

The SMA Council and Social Concerns Committee wish to express their deepest appreciation to Julianah and Michael for their generous donation to the fund. ■
